

DESERT HIGHLANDS

October 15, 2007

To Whom It May Concern:

I am pleased to be able to offer this letter of recommendation for Mr. Erik Peterson. Erik was hired as an architectural consultant to provide designs for clubhouse and facilities renovations for Desert Highlands, a premier 850-acre luxury community with 600+ members. Desert Highlands was developed with the sole purpose of creating a lifestyle for those who expect the best – for people who demand excellence. Nestled in the shadow of Pinnacle Peak, this incomparable community represents the finest in exclusive North Scottsdale living.

As our architectural representative, Erik has provided us with wonderful design ability, creativity, and professionalism. You will find in him a professional with a strong interest to listen and understand your needs and then think outside the box to develop an architectural plan that is innovative and exciting. I was very impressed with how Erik took the time to study and comprehend how we live and use the club facilities at Desert Highlands before he embarked on his plan. He accommodated our needs by coming in early in the morning or staying late at night to do whatever it took to get a full understanding of the operation and our needs.

Maintaining a high degree of service and holding to a budget is a tightrope walk. Erik has been able to accomplish this while providing designs that will take Desert Highlands to a higher level.

Please feel free to contact me personally if you have any questions regarding his performance while here at Desert Highlands.

Very truly yours,

Terra Waldron, CCM
Vice President/General Manager
The Desert Highlands Association
