

THE LYLE ANDERSON COMPANY, INC.

February 11, 2009

TO WHOM IT MAY CONCERN

This is a letter of recommendation, written with great enthusiasm, for Erik Peterson and his firm Peterson Architecture and Associates.

Over the last few years, I have gotten to know Erik and his firm well, first through satisfied clients in the high-end residential, clubhouse and hospitality business who recommended him to our companies. Subsequently, he has performed outstanding services for our companies that included work on plans for an innovative village center for a 10,000 acre property. Finally, we have heard back from satisfied clients of his firm who called to thank us for referring Erik to them.

In choosing planning, design and architectural consultants, three criteria head our list of considerations. First, we look for people who are easy and enjoyable to work with. Not only do Erik and his team meet that standard, but Erik is simply a very fine person. Second we want people with immense talent, including creative talent, but who listen to the client and apply that talent to the client's needs and personality, while at the same time proposing alternatives if they think they see a better path. We do not desire someone who is rigid in the sense of having only one approach or one "look" Erik and his firm have been outstanding in that regard. They participate with enthusiasm, and with appreciation and understanding of the high quality we desire. Third, we look for value, and our experience has been that Erik and his firm clearly meet that test.

In summary, our experiences with Erik and his firm have been extremely satisfactory, and we look forward to working with them, and referring them to others, on many more occasions. I would look forward to providing further information if it would be helpful.

Sincerely,

Phil Schneider
Vice Chairman
